

NRA Basic Pistol Course

Saturday, October 23, 2010

**Presented by the *Gateway Training Team*
at the Highland Pistol and Rifle Club
Highland, Illinois**

Whether you have zero experience shooting a handgun, or consider yourself very experienced, you can't afford to miss this opportunity to learn the fundamentals of shooting a handgun. Students of an *NRA Basic Pistol Course* learn safe gun handling, better shooting techniques, cleaning and caring for guns, and Basic Marksmanship Training that will set you on course to Shoot Better, Shoot Safer, and Shoot with Confidence.

This is a “no pressure” class - regardless of your skill level! Even if you've never fired a gun at all, NRA Certified Trainers will teach you what you need to know. AND - firearms and ammunition are provided at no cost.

The cost for the class is \$125.00 per person, but you must be at least sixteen years of age to take the course. Length of class is approximately 8 hours, starting at 9:00 a.m.

Lunch and soft drinks will be provided.

**To enroll in this class, or if you have any questions,
contact David Price at 618-798-1232
or by e-mail at SafePistol@charter.net**
